BID CONDITIONS

General Information

The purpose of this bid is to establish pricing for Fire Hose necessary to outfit Tuscaloosa Fire Rescue (TFR) apparatus and equipment. The contract resulting from this bid award will be for up to three (3) years, as outlined in Special Conditions on page 3.

Bid Award

The City intends to award this bid to one bidder. In order to be considered for bid award, bidder must submit a bid that meets specification for each line item. Failure to submit a bid for each line item will eliminate a bid submission from consideration. Additionally, if any product/item submitted for consideration does not meet specification, that bid will be eliminated from consideration.

Purchase Quantities

The City intends to make an initial purchase for the quantities listed in each item's description. While this initial purchase is the City's intention, budget constraints or other factors might affect that plan. Therefore, there are no guarantees of quantities for this initial purchase.

After the initial purchase, the City will order this fire hose on an as needed basis throughout the life of the contract. There are no estimates of quantities to be purchased during the life of the bid award, and no guarantees of purchase quantities.

Pricing

Awarded bid prices are expected to remain firm throughout the life of the contract. However, awarded bidder may request price increases at the annual renewal date. Any such requests must be made in writing at least 30 days before the anniversary date, and must include documentation sufficient to justify the price increase request. If there are price decreases for any items, the awarded bidder shall be required to pass along those cost reductions to the City.

Bid prices shall be inclusive of all shipping, handling, freight, and any other charges. No additional charges or fees shall apply. There shall be no minimum order quantities or amounts.

Product Info

The hose specified in this bid is Snap-tite brand. This is the brand preferred by Tuscaloosa Fire Rescue for reasons of conformity, quality, and standardization. In the event a bidder submits an alternate brand for consideration, the bidder must include specifications information and documentation that demonstrates that the alternate brand is "equal to" the brand specified. Failure to include such documentation for alternate brands will subject bid to rejection. The burden is on the bidder to demonstrate that the item bid is equivalent to the item specified.

Product Requirements

Hose must be made in the USA and be ISO 9001 compliant. Pressure test certificate must be supplied by vendor to TFR at time of delivery. Each section of hose must be stamped at both ends, as per TFR's numbering system, which will be given to awarded vendor.
