Answer the following for VARIANCE requests ONLY:

The petitioner must specifically state a hardship for the variance. Explain the ways in which the zoning regulation creates a hardship on the property. When a variance is at issue, the primary consideration is whether a literal enforcement of a zoning ordinance will result in unnecessary hardship. Explain any special circumstances or conditions that are peculiar to the land or buildings because of which a strict application of the ordinance would deprive the applicant of the reasonable use of such land or building.

Explain how the variance request is in harmony with the general purpose and intent of the regulations imposed by this ordinance on the district in which it is located and shall not be injurious to the neighborhood or otherwise detrimental to the public welfare.

Answer the following for SHORT-TERM RENTAL requests ONLY:

Provide the number of bedrooms and bathrooms the property has. Provide how many adults you are requesting to rent to and how many vehicles you are able to park in your driveway or parking areas (parking on the street is not allowed). Typically, two adults are allowed per vehicle. Include the width and length of your driveway. A typical parking space is 9' wide by 20' deep. Tandem parking (one vehicle behind the other) of not more than two vehicles is allowed, and a garage can be used. Photos can be provided with this application showing the proposed parking.

- For all requests for any variance from or special exception to a zoning requirement pertaining to a dimensional requirement or the site, a scaled site plan and/or building elevation produced by a registered land surveyor, professional engineer, or architect shall be required.
- Requests for an exception from fence requirements must depict proposed location and design of fence.
- Any request which will not be represented by the property owner at the public hearing must be accompanied by a designation of agent form.

Certification of Applicant

I certify that the foregoing facts, to the best of my knowledge, are true and correct and that except for the exception, variance, or appeal requested in this petition, the proposed construction and use complies with all requirements for the zoning district in which the property is located. I recognize the City will send public notification and place a sign on the property with information for the public. This Petition will not be accepted until all required information is provided.
