CITY OF TUSCALOOSA
CITY WALK at FOREST LAKE
UNIVERSITY PLACE ELEMENTARY SCHOOL TO 15TH STREET

Proposed Amendment No. 3 to Professional Services Agreement
City Project No. A12-0993

2/17/15

During the construction of the City Walk along Lake Avenue between 16th and 17th Street, an unknown sanitary sewer main was discovered. The sanitary sewer main was determined to be providing service to the houses along the west side of Lake Avenue in this area. The shallow depth and horizontal location of the sanitary sewer main is in conflict with various items of work associated with the City Walk, in particular the location of the proposed City Walk / Street lighting along Lake Avenue. Furthermore, the sanitary main consists of clay terra cotta pipe material which is very susceptible to failures, especially at shallow depths. After investigations by OCE and McGiffert and Associates, LLC (MALLC) it was determined that it would be in the best interest of the City to relocate the sanitary sewer line and reroute in a different direction than it currently flows.

The following is our requested addition of Item L.7, Lake Avenue Sanitary Sewer Relocation Plan, for the investigations, coordination with OCE and the general contractor, preparation of the construction plan associated with the relocation / reroute of the sanitary sewer main:

L.7 - Lake Avenue Sanitary Sewer Relocation Plan
