**GREASE REMOVAL DEVICE** Land Development Permit Application must be accompanied by a copy of the deed to the subject property. The following items must be included as part of the submittal package. This submittal package is considered the FOG Facility Plan as referenced in the *City of Tuscaloosa FOG Management Plan Manual (April 2014), Section 6.2:*

- GREASE REMOVAL DEVICE Sizing Worksheet.
- Professionally Stamped (engineer or architect) site plan showing location of GREASE REMOVAL DEVICE.
- GREASE REMOVAL DEVICE Detail, including lids that comply with Sadie Grace Andrews Act (24" cast iron frame and cover).

*I, the property owner, certify that all of the above facts are true and correct to the best of my knowledge. I understand that a development approval(s) granted pursuant to the application shall be subject to all applicable regulations of the City of Tuscaloosa, and that such approval(s) shall expire unless construction has commenced within eighteen (18) months following date of approval.*
